

MOMCC Mototrial July 18th, 2010: Round 3 Club Champs

Sundays Moto Trial at Opawe Road was a pearler . . but then I could have been a little biased. Andy and I set it up in the fine, a little rain over night just to make things interesting and a nice day Sunday for the ride.

Thanks to the Hawkes Bay guys for boosting our numbers and having a good time we hope. Some good competition in the Clubman and looking at the results, Intermediate class also!

Some of the sections really had us stumped - how to clean an obstacle. It took us a couple of laps to figure out the solutions - they were there we just had to find alternative routes or techniques. So it was very much a thinking as well as a riding trial.

Next mototrial is round 4 of club champs on August 15th at the Infracon quarry near Mangatainoka (near the Tui Brewery).

Regards

Merv
